ERNEST COOPER

NATIONAL RADIO CLUB

5 Anthony Street

Provincetown, Mass. 02657

Dear Mr. Cooper,

We were surprised to find that you could hear WKTJ-FM in Provincetown, but happy to confirm your reception. We have an old Gates FM-1G Transmitter on a site 1100 ft above sea level. We feed a 4-bay antenna with approximately 800 watts for an effective radiated power of 1500 watts. Our coverage area is predominately south and east, as higher mountains west and north of us detract from the signal in those directions.

Sincerely yours,

*Al Ibarguen*
