April 16, 1982

Mr. Ernest Cooper
5 Anthony Street
Provincetown, Mass. 02657

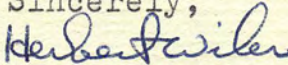

Dear Mr. Cooper:

I am pleased to confirm your reception report for WWAV on 99.9 MHz dated the 19th of February 1982.

We switched from 3.0 kilowatts on 100.1 MHz to 30 kw on 99.9 MHz on the 1st of December 1981. The antenna is 970 feet above mean sea level which gives us a fair service area.

Both WLAM and WWAV operate 24 hours daily and shut down only for required yearly maintenance measurements.

Thanks for writing and good luck in your DXing.

Sincerely,

Herbert Wiles
Chief Engineer
