ERnest R. Cooper  
National Radio Club  
5 Anthony Street  
Provincetown, Mass. 02657

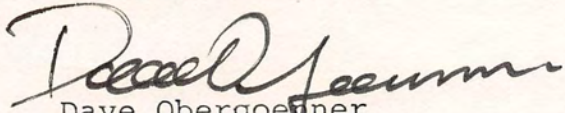

Dear Ernest,

Thank you for your reception report of KSD-FM, or KS94 as we call it, broadcasts with an ERP of 100kw horizontal and 100kw vertical from a 10 bay Harris wide band super power antenna at 882 feet above ground level. We use a Harris 25kw transmitter operating at 23kw output.

KSD-FM first went on the air in 1955 with the call letters KCFM. This makes it one of the first commercial FM's in St. Louis.

KSD-FM always welcomes reception reports from DXers. Hope to hear from you again.

Happy listening,

Dave Obergoeiner  
Engineering Supervisor  
KSD-FM
