August 13, 1992

Dear Mr. Cooper,

This is your verification letter confirming you listened to our station recently. You were indeed tuned to American Family Radio WAFR FM 88.3 MHZ August 6, 1992 from 9:59 am til 10:01 am.

We are a relatively new 50,000 watt Christian station. We are a broadcast ministry of the American Family Association. The Reverend Don Wildmon is president and founder.

Thank you for your interest in radio and D X-ing. It is exciting that you have 634 FM verifications from 38 states! It sounds like you have stayed busy since your banking days. I am sure you enjoy your engineering and on-air work.

Enclosed is some additional information about WAFR. We are a Christian station which means we are committed to sharing God's love through our music and our teaching programs. We believe God loves each of us and has a wonderful plan for our lives. We try to motivate and inspire listeners to put their trust in God.

Ernest, I sincerely hope you have discovered a personal relationship with God through faith in Jesus Christ. It is exciting to realize our need for God, repent of our sins and receive Christ into our heart and lives! Here are some verses of scripture to encourage you as well, John 1:12 John 3:16 Ephesians 2:8-10 John 10:10

Ernest, thank you again for contacting us. Give the folks in Provincetown our best regards.

May God bless you,

J.J. Jasper

ps. Our equipment is a Harris Transmitter with 3 bar directional antenna, ERP 50 KW at 150m Haat. This information is provided by our chief engineer, Thomas Scott.
