

WHEB Stereo FM 100 AM 75

Box 120, Lafayette Road, Portsmouth, NH 03801

June 7, 1979

Mr. Ernest R. Cooper
5 Anthony St.
Provincetown, Massachusetts

Dear Mr. Cooper:

Thank you very much for your DX report on our FM signal. We do not get many cards reporting reception of FM and yours is only the second that I have received.

Our stereo FM signal is on 24 hours a day, going off the air only from midnight Sunday till 5:00 AM Monday for maintenance purposes.

We simulcast with our AM transmitter on 750 KHz.

The FM has a 32,000 watt ERP and our AM is 1,000 watts.

Sorry but we do not have a current FM coverage map at this time, as it has been on Hi power for just about a year and have not gotten around to have new coverage maps made up.

Very best regards & good DX'ing..
