Dear Mr. Arruda,

Thank you for your listener report of June 28, 1991. We don't get many FM reports so thank you for tracking us down. We are authorized to broadcast 6,000 watts E.R.P on 100.5 mhz, licensed to Lebanon, N.H. .

We appreciate the information and we often hear from people in the North East and Canada for our AM 1020 Signal. We are authorized to run 6,500 watts daytime and only 2,400 watts two hours before sunset or two hours after sunrise.

Sincerely,

Robert L. Vinikoor
General Manager
