Box 576 • Middle Road • Dover, NH 03820

May 25, 1981

Ernest R. Cooper
Nat'l Radio Club
5 Anthony Street
Provincetown, MA. 02657

Good Afternoon, Mr. Cooper!

That was WOKQ you heard from 2:07-2:37 A.M., May 20th, 1981. Hopefully, when we install our new tower and antenna late this summer you'll be able to pick us up all the time.

I shall call the wrong tide information to the attention of the regular announcer for that time period, Mike Martel. He's usually quite accurate in whatever he does on the air.

You mentioned that you didn't hear any commercials in the time you were listening. On your log at 2:19:45 there was indeed a spot for the N.H. Sweepstakes Commission. You know, the one with a \$50,000 Grand Prize.

True, we don't run many commercials on the over night show. We do run enough during the day to keep the station on 7 days a week 24 hours a day. Plus, we have between 3 and 4 million people in our coverage area and it's our responsibility to serve them. We may be physically located in Dover, but, we are indeed a New England radio station.

Am also happy to report that you picked us up from 10:49-11:17, on June 20th, 1979. Our chief engineer then, Norman Round, is no longer with us. He somehow neglected to pass on your letter to me.

A pleasure hearing from you, Mr. Cooper and enclosed is one of our coverage maps.

Sincerely,

JJ Jeffrey, Exec. VP
