Ernest Cooper
5 Anthony Street
Provincetown, Mass. 02657

Dear Ernest,

All of us here at FM-106 were glad to hear that you can pick us up all the way on the tip of the cape, and we thank you for taking the time to write.

You did indeed receive WOTW-FM, on the air since 1947 with 3000-watts at 106.3 Mhz.

As to why the call letters are not mentioned often... it's just our way of keeping the station's image separate from WOTW-AM. AM-900 broadcasts religious programs aimed at the older audience while FM-106 leans toward the younger people with a rock music format. The F.C.C. only requires the call letters or legal ID. at the top of the hour which we do every hour.

Again, thanks for listening and good luck.

Sincerely,

WOTW - FM, Box 448 Nashua N.H. 03061
