Dear Mr. Cooper;

It is a pleasure to hear that you were able to pick us up in P-town! Yes, I can certainly verify that is us that you picked up at 102.1 FM. As to whether WAQY was on the air or not, I simply don't know. We have had several calls and letters from as far south as Hingham, Taunton, and Braintree...but not as far as you. I assume that our signal carries right over the water straight on down. So you know, we just signed on the air less than a year ago, on August 24th of 1992.

Best Wishes
