Mr. Ernest R. Cooper
National Radio Club
5 Anthony Street
Provincetown, Mass. 02657

Dear Mr. Cooper:

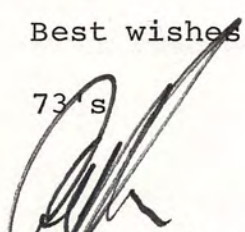

Thank you for your DX report on our station. It is certainly a thrill for all of us at the station to know that we are received, albeit infrequently, beyond our regular coverage area.

For the record, your description of the programming on the station is indeed accurate and reflects the program log of the time and date cited. And, as you requested, a coverage map, along with our small gift to you, is enclosed. Perhaps of some interest to you is my background in radio first, and still, as a ham operator (WB2TZL) and then as a commercial grade operator as an engineer for WPAT in Clifton, N.J. Mr. Martin, to whom you addressed your letter, left the station in December of 1980 to become operations manager at WEAZ in Philadelphia.

I do appreciate the information on the National Radio Club and I intend to share it with other radio fans I know in the metro area. As a sidebar, it turns out that my boss is vacationing at P town this summer.

Best wishes for continued good DX.
