Mr. Ernest R. Cooper

Provincetown, MA 02657

Dear Mr. Cooper:

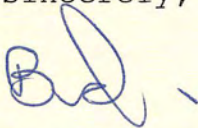

I am pleased to tell you that it was WKTU you had received on Sunday, October 16, 1988.

I agree, FM reception is odd! As far as I know your location is the furthest we have verified.

I am sending you a coverage map that compares our old coverage area with our present new coverage area. We have built a Rohn 300' self supporting tower, with the 2 bay antenna on a 30' pole.

I will have sent, under separate cover, some promotional material, directly from the promotions department.

Sincerely,

Bud Williamson
