Dear Mr. Cooper,

Thank you for your recent letter regarding the reception of our FM station, WSLT 106.3. As you noted, our station has an adult contemporary format, targeting the 25 to 54 age group. Our AM station, WIBG 1520, has an "Easy Country" format, targeting the same age groups. Both stations cover most of Southern New Jersey.

We are always pleased to hear from radio hobbyists such as you; however, there are some discrepancies in the information you sent us. We do not have a Jim Lounsberry on our air staff, but it is possible that the segment of news you heard was UPI National News.

We thank you for your time and consideration in sending us a report on your reception, and we are pleased that our signal is capable of carrying that far. As you requested, please find enclosed coverage maps of WSLT 106.3 and WIBG, 1520 Easy Country.

We hope you have the opportunity to hear either of our stations again.

Sincerely,

A handwritten signature in blue ink that reads "Christine Ross".
