Dear Ernest:

As a former DX'er myself, and Chief Engineer of WWFM,
I appreciate your report.

In checking our logs, I confirmed your report of pro-
gram information. Our telephone number is (609) 587-8989.

It's too bad propagation only allows occasional reception
into areas outside our coverage area.

WWFM operates with 3,000 watts of power into a 4 bay CP
antenna at 277 ft. HAAT.

Enclosed is a coverage map and program guide.

Thank you again for your report.

Sincerely,

A handwritten signature in blue ink, appearing to read "Walt S. Gradzki", is written over the typed name.
