Provincetown, MA 02657

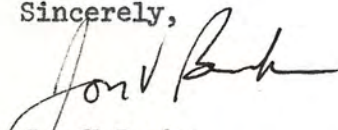

8/17/81

This is to confirm your reception of WKHK on 8/2/81, at 3:45 AM.

We broadcast from the Empire State Building with 5.4 kw horizontal, and 3.8 kw vertical at 1220 feet above average terrain. This is equivalent to 50 kw at 500 feet.

Yes, we still carry the Riverside Church services. Thanks for the report, I enjoy a little bit of AM DXing, myself.

Sincerely,

Jon V Banks
Chief Engineer
