

1 August 1982

Mr. Ernest R. Cooper
5 Anthony Street
Provincetown, Massachusetts 02657

WPIX INC.
11 WPIX PLAZA
NEW YORK CITY 10017
(212) 949-1100

Dear Mr. Cooper:

This letter will serve as confirmation of your reception of WPIX-FM on 26 July 1982, between the hours of 1:20 AM and 2:00 AM EDST.

WPIX(TV) and WPIX-FM readily acknowledge reception reports when they are sent to the attention of the Engineering Department. Unfortunately, your earlier reports were apparently sent elsewhere with the result that they went unanswered. I apologize for this neglect and would ask that you pass the word among broadcast DX'ers that we solicit reception reports.

I have taken the liberty of enclosing a coverage map for WPIX-FM. WPIX-FM broadcasts 24 hours a day, seven days a week from atop the 110 story World Trade Center in lower Manhattan. We employ 10 kw RCA BTF-10 transmitters operating at 6400 watts into an RCA circularly polarized antenna. Our effective radiated power is 5.3 kw.

Again, thanks for writing.

Yours very truly,

EARL F. ARBUCKLE, III *KE6AO*
Engineering Supervisor
