Mr. Ernest R. Cooper
Provincetown, Mass

24 June 1992

Ernest,

Thanks you for your letter about hearing us on the tip of the Cape - it's nice to know that there are people listening -but it's especially nice to know they're listening that far away.

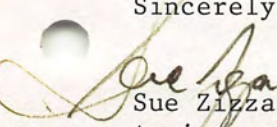

As for hearing more of WRHU's programming - you should try tuning into **The Radio Works** at WOMR - WRHU's nationally syndicated audio theatre series. WOMR has only recently taken the program so you'll need to call them to find out when it's on - but I'm sure they'll be happy to let you when when to tune in.

As for DXing - we are already aware of the method - but always appreciate more information.

I have put your letter in our files and now you are a permanent part of our history - thanks again for letting us know that we do get around.

Hope you get a chance to hear the **Radio Works** - and tune in again at 2am.

Sincerely,

Sue Zizza
Assistant Director
WRHU-FM

PS - Both numbers you have listed belong to our offices. Mr. Kraus would have answered your letter himself - but is away for the summer.

Didn't realize you work at WOMR till I read the top of your letter head - You don't have to call - Just check your upcoming Air schedules - Enjoy!

S.
