

9/4/91

Ernest:

Greetings! How have you been the past few weeks? Did you get hit bad by Bob a couple of weeks back? It wasn't too bad here in the Capital District, just lots of rain. I hope The Cape survived okay.

On the first order of business, this is to confirm your reception of WROW-FM 95.5, on 7/25/91 during the 1pm hour. You were fortunate enough to receive one of the summer parkfests we sponsor in June and July, most of which I co-hosted this year. This one was actually Concoursefest, as it was raining and we had to move everything indoors to the South Concourse of the state capitol. Those are over until next summer; you can't hear one again until next June, so I hope you enjoyed it!!

How was the NRC convention in lovely West Virginia? I trust everything came off successfully. Where is the big party going to be held next year? Hopefully I'll be able to attend. This year I was already committed to going to the beach, where I'll be in a couple of days. Next year, maybe the static lovers get-together again...

You might be interested to know that the Albany Yankess won the first round of the play-offs and are going for the Eastern League championship. At least one of my teams is showing some life, as the Mets seem to have layed down and died in the past few weeks. So there's no excitement in watching the Mets these days, but the Yankees are playing well enough to maybe repeat as EL champs, which they also were in '89 and '88 (the London Tigers were last years champs).

How's DX been lately? It's been lousy here for about six months and remains that way. The other morning, just after 4am on 8/26 to be exact, I was getting WYCB 1340 AM rather well for several minutes; that's my best pick-up in a couple of months. Best of luck hearing new things during the coming season! I'm hoping things get more interesting here.

I hope all is well where you are. Happy listening! Let me know if WROW AM or FM ever happens to make it out your way again...

A handwritten signature in blue ink is located at the bottom right of the page. The signature is cursive and appears to read 'Lester W. Ch...'. It is written over a white background.
