Dear Mr. Cooper,

It was indeed a surprise to hear that we do indeed have a new listener on Cape Cod. I'm not exactly sure, however, where or how you will figure in on our coverage map (one of which I have enclosed).

You tuned in on the opening of Paine Webbers **Traditions**.

I've heard from a number of DXers in the past, but I think you are the farthest east (we did hear from someone in LA, but that was when we were at 106.1 and 100,000 watts).

Thanks for writing, and listening! And, like we tell our listeners, let our advertisers know you heard about them on KCMA.

Thanks,

Jim Fellows
General Manager
