The **magic**SM is the music.

Mr. Ernest Cooper
National Radio Club
5 Anthony Street
Provincetown, MA 02657

August 9, 1981

Dear Mr. Cooper,

I'm writing in response to your wonderful letter of August 2. You see, I'm the disc jockey on the all-night Saturday night-Sunday morning airshift, which you were able to catch a part of.

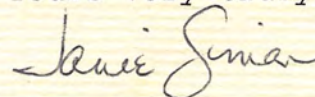

Radio signals certainly move in mysterious ways. I've gotten calls from people in Westchester County, New York, who've received the station during my airshift and had to call just to make sure they could believe their ears. Now Provincetown...WOW!

The time of day that you received us includes the beginning of our public affairs programming, with "Agriculture, U.S.A." being the first one that airs.

Thanks for letting us know that you heard the station. If you haven't heard from Bob Craig or Charlie Fritz yet, you probably will shortly. I just wanted to write because it was my voice that you heard, and, I'm sure I speak for all of us, I'm quite flattered that you took the time to let us know.

Hopefully you'll hear us again soon. In that case, any requests?

Yours very truly,

JANIE SIMAN
