

South County Radio • **99.3** FM Stereo

December 31, 1990

Ernest Cooper  
5 Anthony Street  
Provincetown, MA 02657

Dear Mr. Cooper:

Congratulations! You've set the WBLQ record for longest-distance reception.

We have a funny signal. It emanates from Block Island and shoots across water with great reach, but has difficulty penetrating land directly north. So while cars can pick it up on I-95 west of New London, CT, and on I-195 in Fall River, it fights its way through adjacent North Kingstown and breaks up in Warwick, RI. Our target area is primarily coastal, from Mystic, CT to Newport, RI. We focus on what is popularly known as South County. We don't have a map as such, but I hope the outline will help. Consider this response as official verification that you received WBLQ-FM on your radio.

Good luck with your hobby (maybe you'll make Guinness) and your radio career. Stop by and say hello if you're ever down these parts. We're in Mariner Square, Rte 108 in Narragansett. Have a happy new year.

Sincerely,

Mick Colageo  
Operations Manager
