Dear Ernest:

You were thrilled and we are shocked!

It was us alright. It so happens that we are the sister station to WUOT in Knoxville and have the capabilities of broadcasting the signal from there during all the times we are airing local programs. The program you tuned in on was "RADIO READER", a very popular NPR program.

I will share this bit of good news with members of the station and with our chief engineer. He will be most excited to learn of this as he is preparing to install a new transmitter which will of course enhance our stereo quality.

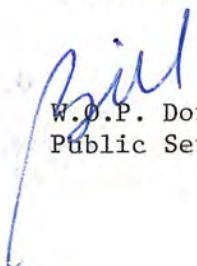

As you take note of the program guide, the WUTC programming is mostly the airing of classical music and other programs of like nature. We do plan a revision of programs sometime soon and we hope you will be lucky again during that time.

You are in the wrong area. You should be in Tennessee, the Volunteer State with all of the volunteered time you give to WOMR.

Thank you for your correspondence and let us hear from you at your convenience.

Good luck and best wishes.

Sincerely,

W.O.P. Dorsey, Jr., Director
Public Service/WUTC Radio
