Dear Ernest:

Greetings from Chesapeake, Virginia!

Your letter was received in our office just moments ago. Imagine how excited we were to realize that when atmospheric conditions are just right we can be heard all the way to Massachusetts.

We are a small but wonderful FM station located in Chesapeake and licensed to Moyock, North Carolina. We broadcast at 3,000 watts currently but are in the process of an upgrade and will be sounding out with 25,000 watts very soon. It is our belief that our staff is one of the best not only in this local market but throughout our metro survey area (probably throughout some other metro survey areas as well!).

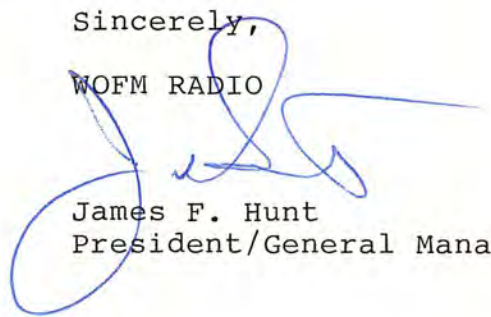

We are enclosing a bumper sticker along with a copy of your letter. This certainly should serve as verification of your reception. The lady you heard on the air in the wee hours of the morning was Kimi Stevens, our overnight person. Although fairly new to radio, Kimi has proven herself to have a full understanding of the music and what radio's all about. We have truly enjoyed her show since she came on board full time!

Ernest, thank you for your letter. We are filing it with our portfolio and assure you it will be seen by many individuals in this vicinity. As we all know, our listeners are one of our most important assets--we're glad to know we have recruited a friend in Massachusetts.

Keep listening!

Sincerely,

WOFM RADIO
