When did your station change call letters from K A R K? I logged your signal several times under the old call, and I also have a QSL card verifying my reception of KARK-TV several years ago. If you find this report correct and to your satisfaction, I would appreciate receiving a brief letter or card stating that this report is correct. I have over 1,200 verifications, including 32 from Arkansas. Yours would be a most welcome addition to my collection.
