

KBOK REGIONAL RADIO FOR INDUSTRIAL HOT SPRING COUNTY

Dial 1310

1000 Watts

MALVERN, ARKANSAS 72104

March 17, 1975

Mr. Carl W. Dabelstein
3300 North 56th Street
Lincoln, Nebraska

Dear Mr. Dabelstein:

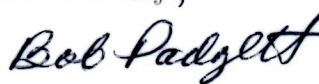

This is to confirm the fact you were hearing KBOK, Saturday March 8, 1975 starting about 12:30 am during the time of performance measurements were being conducted. We signed off at 2:05 am.

The transmitter is a BCIF Gates that has been operating since 1951, and I'm happy to say it passed the proof way below the frequency, noise and distortion tolerances. We had to change 2 tubes in one pre-amp in the console and one 833A modulator in the transmitter.

I'm sending you a coverage map that is old and outdated, but the only one I could find.

Thanks for joining us.

Sincerely,

Bob Padgett, C.E.

BP/pjd

"wherever you go . . . there's radio!"
