Dear Carl,

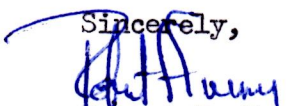

Thanks for you reception report on KIKX. Its always a pleasure to receive such reports, especially on our nighttime pattern.

Your reception report is correct for the date and time indicated and I am sorry for the delay. Your report along with some other items have totally dissapeared from my desk, as is the case with inanimate objects.

KIKX is a 5kw non-directional daytime facility and a 500 watt, three tower, directional operation at night. Should you ever be in the Tucson area, please feel free to drop by and have a look at our operation.

Again, thanks for your report and continued good luck in your DX'ing activities.

Sincerely,

Robert F. Turner
Chief Engineer, KIKX
