Dear Sir:

Your report of reception of K V W M on December 20th, 1971  
is correct.

K V W M operates daytime with a power of 5,000 watts, using  
a non-directional tower 225 feet high at an elevation above sea  
level of 6,500 feet.

Thank you for your interest.

Sincerely,

S. J. Woodworth.
