Carl W. Dabelstein, Esq.,
3300 North 56th Street,
Lincoln, Nebraska, 68507,
U.S.A.

Dear Mr. Dabelstein,

We were surprised to receive today a reception report from you dated 24th January 1972.

Your reception report on our 730 KHz transmission is accurate, and enclosed is our verification card. Your query that you heard our announcer say our FM frequency was 9.81 MHz; actually our announcers report our frequency as 95.1 MHz. We do not have a short wave transmission.

We wish you continued Dxing on the medium frequency band, and trust our verification card will find a suitable place among your thousands.

RADIO TRINIDAD

THE TRINIDAD BROADCASTING CO LTD
PORT-OF-SPAIN, TRINIDAD

To Carl W. Dabelstein.

Thank you for your reception report of our transmission on 730 KHz at 0925 GMT, on 24th January, 1972

We have pleasure in verifying your report which is much appreciated.

Date 31st May, 1972.
