

December 7, 1971

Mr. Carl W. Dabelstein
3300 North 56th Street
Lincoln, Nebraska 68507

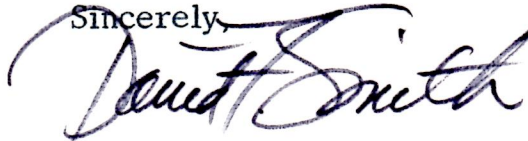

Dear Mr. Dabelstein:

This letter will verify your reception report of November 29th. It is correct in its content and agrees with our Program Log for that date.

KX-RX operates 24 hours daily with 10,000 watts daytime power, and 5,000 watts night. There are separate patterns for day and night operation with most of the power directed to the south, southwest and west during both modes of operation.

Thank you for your interest and good listening.

Sincerely,

David F. Smith
Operations Director
