Dear Carl,

This letter is to verify your reception of KLRR 1230 Khz in Leadville, Colorado at 01:43 CDT on the morning of 13 September, 1980. We were conducting experimental transmissions at that time immediately following our monthly frequency measurement. Hand keyed (J-38) 1000 hz tones and code IDs were being transmitted along with music and voice IDs every five minutes or so.

Please drop by the station again if you are ever in Leadville again, Carl.

Sincerely yours es 73

Arnold F. Olean, KØZK
Chief Engineer
