Mr. Carl Dabelstein, KØSBV
12524 "C" Street
Omaha 44, Nebraska

Dear Mr. Dabelstein:

This is to verify your reception of Radio KPIK, 1580 kilocycles, on Saturday, January 20, 1962, from 4:47 - 4:55 pm Mountain Standard Time. The Official Station Log and your report are in complete agreement as to the time of the broadcast and what you heard.

K P I K operates with a power of 5,000 watts (day-time only) with a BC 5 P Gates Transmitter and a vertical antenna of 300 feet.

We hope you will tune 1580 kilocycles for KPIK again soon.

Cordially,

Jay Drennan
