Dear Mr. Dabelstein,

We are very sorry about not answering your original report on KVFC Radio for December 22, 1969 which you heard from 7:20 a.m. to 7:30 a.m. on 740 kcs.

We have not had an engineer on full time duty for a while and much of this work got behind, since I was not acquainted with it and did not know exactly what you would want in the way of verification. Since I still am not sure, let me say that I checked our log of that date, and you certainly were correct and did hear our station at that time. We are well aware of interference with our signal from KSSS in Colorado Springs since many of our local people travelling back and forth to Denver report this when trying to pick us up to hear local news.

If there is any other information I should supply, please let me know.

Very truly yours,
