Dear Mr. Dabelstein:

We were so very pleased to hear from you.

WINT operates on this area's oldest and best frequency with 5,000 watts of full time power. The format is geared to the adult audience with heaviest emphasis being placed on local coverage of the news.

All your information is correct, except for Bob Martin. That's Bob Liles, our program director.

Thank you for writing.

Sincerely yours,

Emory Mallory
