Dear Friend:

I hope that you will pardon my sending a mimeographed letter, but we received so much mail from DXers that we thought this would be the best way to handle it.

This will confirm your pick-up of our special broadcast from 3:30 a.m. to 4:00 a.m. EST on January 2, 1967. We wish you could listen to us all day every day!

I am enclosing a copy of our new program guide, which has just come from the press. I am also enclosing some literature about our parent institution, Bob Jones University of Greenville, South Carolina. If you ever have occasion to be in Greenville, I hope that you will visit the campus and see the facilities there. Of course, we will always be happy to welcome any DXers to our studios here in Decatur.

Our best regards to you all.

Sincerely yours,

Elmer L. Rumminger
