Overland Park, KS 66212

Dear Mr. Dabelstein:

I received your letter and hopes this serves as confirmation that you did indeed receive KCFI's signal on 12/17/90.

Your details of our programming were correct. We are a 500 watt, 24 hour country music station in a town of 35,000 people.

I was always wondering if by chance our signal would bounce around that far, because I am a former resident of Maryville, Missouri, which if I'm not mistaken, is in your neck of the woods somewhat.

Thank you for your letter. I enjoyed it very much. Good luck in your searches for other stations.

Sincerely,

A handwritten signature in black ink that reads "RONALD L. CARLETON" with a stylized flourish at the end.

Ronald L. Carleton
Operations Manager
