November 30, 1971

Mr. Carl W. Dabelstein
3300 North 56th Street
Lincoln, Nebraska 68507

Dear Mr. Dabelstein:

This is to confirm that in all probability at 12:02 to 12:15 a.m. CST on 1400 kilohertz, you heard our station conduct frequency tests. Our tests, which begin at midnight, do in fact use 1000 cycle tones with call letters given every 4 minutes.

I hope that this verification will be of use to your collection. We are including for your use a pamphlet about our station.

Sincerely,

Bill Purkis
Radio KCOG
