Carl W. Dabelstein  
8209 West 70th Street  
Overland Park, KS 66204

Dear Carl,

We are pleased to have received your report. Your log of our program is indeed in order. Our station changed call letters to KQXV on October 23, 1978. Our format is now basically top 40/AOR. Shortly after your UNO graduation, the KRCB programming was changed from, what I remember as MOR, to top 40.

We are a 1000 watt daytime operation with a 132 watt pre-sunrise sign-on. We are affiliated with KQKQ-FM (formerly KRCB-FM) a 100kw stereo plant.

Carl, again thanks for your report and have a happy new year!

Sincerely,

James Prosser  
Chief Engineer
