Dear Mr. Dabelstein;

This letter is to confirm your reported reception of Public Radio Station KWLC. The sign off statment you report hearing is correct, with one correction. The Hall of Science is named Valders Memorial Hall of Science.

I am enclosing a printed copy of our sign off statement as of January 27, 1975. The wording is slightly different, however it is essentially the same as the one you received. Thank you very much for your letter.

Sincerely,

Jay R. Jeffries
General Manager
