The Chief Engineer
Radio Station KWOE
3232 Osage Road
Waterloo, IA 50701

Dear Sir:

I am writing to report my reception of your radio station on 850 kilohertz this evening. The following is a summary of the details of my reception:

8:05 Recorded Music.

8:06 The announcer mentioned 236-7700 as a pledge line number. He asked listeners to call in to get the DJ's off the air.

I am sorry that this is not a more comprehensive report, but the interference was just too great. This included both KFUD in St. Louis and KOA in Denver. My receiver is a Kenwood R-1000 and the antenna is a directional altazimuth loop.

If you find this report to be correct and to your satisfaction, I would very much appreciate receiving a brief letter or card stating that my reception is verified. I have more than 2,200 verifications, including 69 from the Hawkeye State. Yours would be a most welcome addition to my collection. Enclosed is a stamp for your reply. Thank you very much for your time.

Sincerely,

Carl W. Dabelstein

I wish to verify that indeed that's us!

Sincerely,

*T. J. Norman
KWOE*
