Dear Mr. Dabelstein:

Thank you very much for your report on June 1 test.. We are always happy to receive and confirm QSL reports. We are glad to know you were able to pick us up in Omaha. Our Log confirms your report.

We have been in operation only since last December 2. We operate a Gates BC-250GY transmitter into a two tower directional antenna system. Our null in the south by south-east.

By the way we have quite a bit in common. I was born in Omaha and I was formerly a HAM.

Tnx es 73's.

Yours truly,
