

RADIO STATION **WJIL** 1550 KC + 1000 WATTS

EAST MORTON ROAD -- JACKSONVILLE, ILLINOIS

DON E. UDEY, Gen. Mgr.

January 7, 1963

PHONE 245-5119

Mr. Carl Dabelstein
12524 "C" Street
Omaha 44, Nebraska

Dear Mr. Dabelstein:

This will confirm your reception of WJIL on December 30, 1962, from 12:43 to 12:50 AM, C.S.T.

This was a frequency check, with Commercial Radio Monitoring Company, Lee's Summit, Mo. This test is conducted once each month, on the fourth Sun. AM, approximately the same time as you heard it.

WJIL has a four tower directional antenna system to the Northwest. Sorry, we have no coverage maps now.

Thank you for your interest.

WJIL
