

**1200 AM**

May 1, 1991

Carl W. Dabelstein  
9404 Santa Fe Lane  
Overland Park, Ks. 66212

Dear Mr. Dabelstein:

I am confirming your reception report of December 14, 1990. WOPA-AM is a new station in Chicago, operating at 10,000 Watts daytime and 1000 Watts at night. It is interesting that you received us so clearly, being that our protection is towards the southwest. Thank you for this information and I am sorry I took so long in responding. Happy listening!

A handwritten signature in black ink, appearing to read 'John P. McGuinness'.

John P. McGuinness
