Overland Park, Kansas

Mr. Dabelstein:

Thank you for writing about our reception you heard in Overland Park. I can verify that the reception you heard on October 22, 1975 was what was broadcast. I was not employed by WPOK until January, 1976 but those are the same programs that ran when I started working here.

I am handling all verification cards since I was employed the longest of all employees. I am sorry it took this long to verify your request.

Sincerely;

Marc G. Edwards
