Dear Carl:

This is to acknowledge your reception report of Oct. 2, 1983. Sorry for the delay in answering.

As you probably know, WXOL is a Class IV AM, operating with 250 watts at the time of your interception, 5:00AM CDST. We operate with 1000 watts daytime power, and share our frequency with WCEV, both stations using the same transmitter, 24 hours a day. Thus the sign-off you heard. Though we are licensed to Cicero, Ill., we are in reality a Chicago station. Thank you for your interest in WXOL.

Sincerely,

Ned Jouse
