Carl W. Dabelstein  
8209 West 78th Street  
Overland Park, Kansas  
66204

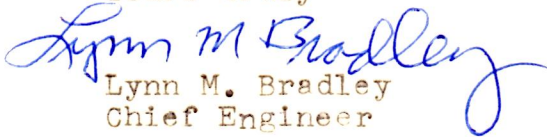

Dear Carl:

This will verify that you made a reception of WGTC September 30, 1984 at 4:58 A. M.

WGTC operates 24 hours a day except for the time between 12 midnight Sunday to 5 A. M. Monday, 5,000 day and 500 watts night. We are directional both day and night. You received us while we were operating 500 watts.

Thank you for your report. It is good to know we are getting out. We just had a reception report from Pittsburg also.

Yours truly

  
Lynn M. Bradley  
Chief Engineer
