Dear Sir:

I'm very pleased to receive your reception report on our station on the morning of April 19, 1980 between 9:05AM and 9:11AM CST. I'm sorry I missed receiving your first letter. Possible explanation could be because the Station recently changed ownership on March 11 1980, and I may not have received all of the incoming mail unless it was specifically addressed to me. Never-the-less I'm pleased that you got through this time. Your logging of our programing was correct, and it's pleasing to know that KAKZ is received so well in Overland Park during the daytime. I'm a Broadcast band DX'er myself, when I can find the time. I'm also quite active on 2-meters FM. My call is WAØTYN. I'm enclosing this weeks station newsletter and 2 window stickers along with a .5MVM contour map for your information.

Again, thanks for your report.

Sincerely,

Larry E. Means
