Mr. Carl Dabelstein,
1712 "B" Street,
Omaha 8, Nebraska.

Dear Mr. Dabelstein:

Thanks very much for the report of reception of KFBI.
It was correct.

KFBI operates with 10,000 watts non directional during
the daytime and 1,000 watts directional generally north and south
during the nighttime which accounts for the reception in your dir-
ection at night.

Thanks again for taking the time to make the report,

Sincerely,

Gene T. Williams,
Chief Engineer.
