Mr. Carl Dabelstein
12524 "C" Street
Omaha, Nebraska

Dear Mr. Dabelstein:

This will verify your recent reception report of KGNO. Thank you very much. *

We use a Gates Transmitter. During normal daytime hours, we are 5,000 watts non-directional. During normal nighttime hours, we are directional with 1,000 watts. We have three 163 foot guyed towers. Daytime, of course, we use only the center tower.

In our city is famous Boothill. It is quite a tourist attraction. Hope you can see it sometime. And when you are in Dodge, please drop by for a visit.

Cordially,

RADIO STATION KGNO
