Dear Sir:

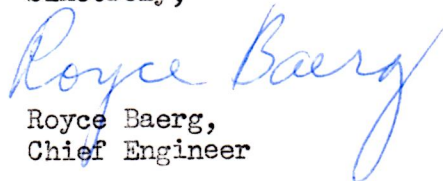

This letter will confirm your correct reception of KJCK at the times you specify. Your reception of us over both KTOE and WOC - DAVENPORT, IOWA. Our frequency checks are done during hours, by a firm in Lee's Summit, Missouri. They never have any problems tuning our signal.

One item of interest, it's nice to hear that someone else has transmission troubles now and then. Our BC-IT Gates has given trouble only once since 1959 when a power supply choke shorted to ground.

Included is one of our latest maps.

Thank you for your report.

Sincerely,

Royce Baerg,
Chief Engineer
