Dear Sir:

Per your letter concerning reception of this station on 20 Nov 62, from 5:13PM through 5:17PM CST, information contained in your report has been checked with station logs of that date and found to be true. We herewith substantiate your report and are pleased to furnish this letter as verification of reception of KMDO. Information concerning our signal strength and existing interference is appreciated and will be kept on station file with others of this nature.

I regret to state that we do not have a coverege map.

Very Sincerely,

  
George F Province  
Chief Engineer.
