DEAR MR. DABELSTEIN:

OUR CHIEF ENGINEER RECEIVED YOUR INQUIRY AND REFERRED IT TO OUR ASSISTANT ENGINEERING TECHNICIAN WHO THEN REFERRED IT TO ME. YOU ARE CORRECT IN ASSUMING THAT OUR ANTENNA PATTERN IS DESEIGNED NOT TO INTERFERE WITH THAT OF KJLA--YOUR LOCAL KC STATION WHICH ALSO OCCUPIES THE 1190 FREQUENCY. WE ARE A 2500-WATT DIRECTIONAL STATION. SINCE I AM NOT AN ENGINEER I DON'T KNOW THAT MUCH ABOUT THE TECHNICAL SIDE OF THINGS. I AM ENCLOSING ONE OF OUR RATE CARDS WHICH HAS A SKETCH OF OUR PRIMARY PATTERN ON IT. IT ALSO SHOWS, IN THE SHADED AREA, THE PERMISSIBLE AMOUNT OF OVERLAP WE CAN HAVE WITH KJLA.

BY COMPARING YOUR DESCRIPTION OF THE PROGRAMING THAT YOU HEARD WITH OUR LOG FOR THAT DATE I HAVE DETERMINED THAT WE WERE DEFINITELY THE STATION YOU WERE RECEIVING. WE THANK YOU FOR YOU LETTER. IF YOU NEED ANY FURTHER INFORMATION FEEL FREE TO WRITE US AGAIN.

SINCERELY,

A handwritten signature in blue ink that reads "Lyle R. Gentry".
